FUTURE, VISION.

The aesthetic quality of the product is an inseparable part of its functionality. Every object produced belongs to the culture and serves for it. An aesthetic design with functionality means "everything". Once it is away from functionality, such a design is incomplete. Through Colston, you will meet in each project functional, aesthetic solutions that could be combined with each other.

UNI-MAXX CONTROL

UNI-MAXX is the revolutionary and innovative showering experience that forever transformed showering with power of personalisation. Innovation is not only making our lives comfortable, but also more individual and many are becoming possible.

Click to Choose Mode

Easy to choose your water mode among three different modes. The water mode buttons represents the different shower options.

Logical Dual Knob

Dual knob have two different operations. First knob controls water temperature and second knob guides to set water volume level.

Ultimate Comfort

Smart, unique and useful operations for water control. Releasing the exact, pre-defined water volume at the set temperature.

Maximum Individuality

One design fits will all designs and series. Ensures maximum design variety and individual architecture solutions.

Back-Up

The COLSTON service back-up team will be pleased to support you at any time for queries regarding systems, functions and applications.
